# Introduction to **Reality Based Training – RBT**

# **BENEFITS of REALITY-BASED TRAINING**

- A combination of physiological, psychological and emotional challenge
- An opportunity to feel the information and develop muscle memory
- It inoculates trainees against the negative effects of stress during abnormal or emergency situations
- Provides trainees a sense of their body position and movement in a realistic scenario
- Suitable for all learning preferences
- Unique opportunity of implementing CRM markers

# Summary

- Effective transfer of Knowledge, Skills, and Attitude
- Proficient and grateful aircrew
- RBT will eventually save You,

*And your Costs*

- WE ARE DYNAMIC!
