## INTRODUCTION // Welcome

Start

### Welcome

Hi, and welcome to MAYDAY CRM Training. This training tool is an interactive Learning Game, which focusses on your ability to solve problems as a crew. You need to use your Non-Technical Skills such as Teamwork, Leadership, Situational Awareness and Decision-Making in the process.

You will take a virtual flight where you will make decisions when facing different events. Your decisions will have consequences and in the decision-making process you need to access these consequences and the impact it has on the flight, the passengers and the crew taking RISK and INCONVENIENCE into account. Some of the events could develop into Critical event, depending on your decisions.

During the game, there will be possibility to reflect on your decisions and take a closer look at your own operation.
